LID FOR BOWL 17 CM.

MATERIAL	Polycarbonat BPA FREE [pc]
DIMENSIONES	167 x 10 mm.
UDS/PACK	BOX 28 UNITS

TECHNICAL DETAILS

- Our products are ideal for various sectors (colleges, hospitals, homes, catering establishment, etc).
- Virtually unbreakable if used correctly.
- It contains 2 holes in the upper part of the lid to avoid the vacuum effect and eliminates the possibility of the lid opening with hot contents.
- It is equipped with a top projection for stacking with the bottom of the bowl.
- Suitable for use in dishwashers and for heating in microwaves.
- Will withstand temperatures between -30° and 120°.
