TECHNICAL DETAILS

- Our products are ideal for various sectors (colleges, hospitals, homes, catering establishment, etc).
- It reduces the weight considerably compared to those made of porcelain.
- Stackable plate, devoid of internal nerves to facilitate cleaning, but also with an anti-fit system to prevent a vacuum from forming between them.
- Unbreakable under normal conditions of use.
- Dishwasher and microwave safe.
- It does not first transmit temperature variations to the food it contains.
- Withstands temperatures from - 30° C to + 120° C
