TECHNICAL DETAILS

- Our products are ideal for varius sectors (colleges, hospitals, homes, catering establisment, etc).
- Made of polypropylene with a mineral load with special **ANTIBACTERIAL** treatment because it is a type of plastic resistant to shocks, washed in industrial dishwashers and used for intensive daily use.
- Compatible with lid 1306304 and token holder 1312003.
- Stackable tray.
- Equipped with holes for proper drying once stacked.
- With separation of cutlery, bowl and four others to serve food.
- It does not first transmit temperature variations to the food it contains.
- These trays can be adapted to any trolley or basket with Euronorm standards or trolleys with shelves that apply to all Hospital Centers.
- Will withstand temperatures between -40° and 100°.
